

ALLÍTSÁK MEG A LUKÁCS ARCHÍVUM MEGSZÜNTETÉSÉT

STOP THE LIQUIDATION OF THE LUKÁCS ARCHIVE

Az MTA elnökének,
Prof. Lovász Lászlónak
Az MTA Könyvtár és Információs
Központ főigazgatójának,
Dr. Monok Istvánnak

Mi, e levél aláírói – akiknek alkalmunk volt a Lukács Archívumban dolgozni, vagy kutatásaink során élveztük az Archívum segítségét és támogatását; akik hozzáférhettünk az ott őrzött nyomtatott és kéziratos anyagokhoz, és akiknek elkerülhetetlenül szükségünk van a jövőben is erre; vagy akik nagyra tartjuk azoknak a tudósoknak a munkáját, akiknek lehetőségük volt az Archívummal kapcsolatban állni –, döbbenet értesültünk arról, hogy minden előzetes ígéret és bizonykodás ellenére az MTA Könyvtár és Információs Központ a kéziratok elszállításának előkészületein munkálkodik. Egy ilyen lépés tönkreteszi a Lukács Archívum egyedülálló karakterét – amelynek pedig az MTA szemében is értékesnek kell lennie –, és felmérhetetlen károkat okozna a kutatásnak. Ezért arra kérjük az MTA és Könyvtára felelős vezetőit, hogy a kutatás érdekében álljanak el ettől a tervtől.

An den Präsidenten der Ungarischen
Akademie der Wissenschaften
(MTA)
Prof. László Lovász
An den Generaldirektor der
Bibliothek der MTA
Dr. István Monok

Wir, die Unterzeichnenden dieses Briefes, die die Gelegenheit hatten, im Georg-Lukács-Archiv arbeiten zu dürfen, und/oder während unserer Forschungsarbeit durch das Archiv unterstützt wurden, und für die der Zugang zu den im Archiv bewahrten handschriftlichen Materialien auch in Zukunft eine unumgängliche Bedingung ihrer Arbeit ist, haben mit Erschrecken die Nachricht empfangen, dass trotz vorheriger Versprechen und Beteuerungen die Bibliothek der MTA dabei ist, die Manuskripte aus dem Archiv zu entfernen. Ein solcher Schritt würde die Einzigartigkeit des Archivs, die eigentlich der Akademie teuer sein sollte, zerstören, und der Forschung einen kaum schätzbaren Schaden zufügen. Daher bitten wir die Verantwortlichen der MTA und der Bibliothek der MTA im Interesse der Forschung das Vorhaben fallen zu lassen.

Al Presidente de la Academia de
Ciencias de Hungría (MTA)
Prof. László Lovász
Al Director General de la Biblioteca
de la Academia de Ciencias de
Hungría (MTA)
Dr. István Monok

Los abajo firmantes, quienes hemos tenido la oportunidad de trabajar en el Archivo Lukács y/o recibimos apoyo y ayuda del Archivo durante nuestras actividades de investigación, y para quienes el acceso a los manuscritos y documentos impresos que se encuentran en el Archivo continuarán siendo una necesidad ineludible en nuestra labor futura, nos hemos horrorizado al saber que, a pesar de todas las promesas y garantías anteriores, la Biblioteca de la Academia de Ciencias está preparando la remoción de los manuscritos del Archivo Lukács. Tal medida destruiría el carácter independiente del Archivo Lukács – que por cierto sería beneficioso incluso para la Academia – y causaría un daño inestimable a la investigación. Es por esto que pedimos a aquellos responsables de la Academia y su Biblioteca que cesen en este plan, en aras de la investigación.

To the President of the Hungarian
Academy of Sciences (MTA)
Prof. László Lovász
To the Director General of the
Library of the MTA
Dr. István Monok

We the undersigned, who have had the opportunity to work at the Lukács Archive and/or enjoy the support and help of the Archive during our research, and for whom access to the printed and written manuscripts held at the Archive will continue to be an ineluctable necessity in our future work, were appalled to learn that despite the earlier promises and reassurances, the Library of the MTA is preparing to remove the manuscripts from the Lukács Archive. Such a step would destroy the independent character of the Lukács Archive—which should also be important for the MTA to maintain—and would cause inestimable damage to research. This is why we ask those responsible for the MTA and the Library of the MTA to stop this plan, in the interests of research.
